A MESSAGE FROM LEX DAVIS

GANS PRESIDENT

Lex sends his greetings and wanted to share some of his favorite things about nursing and his goals for GANS.

Favorite thing about Nursing:

"Besides pediatric rotations, getting to hold babies and not giving my peers a turn? Not true, I do share and give my peers a chance to hold them too, and it's totally coincidental that it's always right about the time they need to be changed."

"Seriously though, I pretty much enjoy the entire aspect of becoming a nurse (maybe not the classwork so much) but the clinical time, getting hands on experience, meeting new people, making patients laugh, trying to brighten someone's day and make sure they are cared for - I love it all."

Goals for GANS:

"Helping promote growth/getting more students and schools involved."

GREETINGS, FUTURE NURSES!

Happy Thanksgiving!

Wishing you and your family all the best of
this season!

**Get to know our new GANS board a little
better and see what they like most
about Thanksgiving!**

What is your favorite part about Thanksgiving and your favorite dish?

Lex Davis, President

School: GGC

"The other food group of course - Donuts."

Arielle Yeager, 2nd VP

School: GGC

"If I had to pick, it would be green bean casserole."

Jordan Bell, Public Relations Director

School: GBCN of Mercer University

"I love spending Thanksgiving with my extended family and eating my weight in bread."

Kelsey Roberts, Secretary

School: KSU

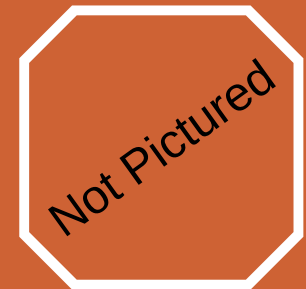

"Sleep & Baked Macaroni and Cheese"

Victoria Carbone, Community Health Director

School: GBCN of Mercer University

"Seeing my grandmother and spending time with family and friends & Omi's (grandmother's) German Potato Salad."

Lauren Bennett, Breakthrough to Nursing Director

"Too often, life gets so busy that I don't always get
to see everyone throughout the year, so when
Thanksgiving comes around I enjoy getting to spend
quality time with those I love, near and far."

GANS Goals

WHAT IS YOUR FAVORITE THING ABOUT
NURSING AND WHAT ARE YOUR GOALS FOR
GANS?

"One of my favorite things about nursing is the growth and development within one's career and the endless learning experience that comes with it. My goals for GANS include increasing community service involvement among nursing students across Georgia." ~Victoria Carbone

**"Caring for others, increase
Southern District involvement"
~Gabrielle Griffin**

"My favorite thing about nursing is being able to get others involved in the community. My goals for GANS are to reach out to the people who have the passion for nursing but have doubt that they cannot do it. Being able to get these people the right information to be able to explore their passion and get more people involved with GANS."~Lauren Bennett

**"I love getting to know
new patients and new
people every day. My
goal for GANS is to
expand participation
and influence!"
~Arielle Yeager**

"My favorite thing about nursing is being able to be a positive impact for patients and helping others on the road to wellness.

My goals for GANS is to encourage more students to be involved in this organization. I think GANS can provide wonderful opportunities for students on their journey to becoming nurses and I want to enable students with the chance to see how they can be an asset here." ~Lydia Beraki

GANS Goals

"I believe that nursing is not just a job, but a calling. To be a good nurse you have to treat the whole person, not just the illness. When a person feels cared for, it can aid not just in the healing process, but in the process of living a complete life. My goals for GANS is to improve member participation in my district." ~Kimberly Smith

WHAT IS YOUR FAVORITE THING ABOUT
NURSING AND WHAT ARE YOUR GOALS FOR
GANS?

"My favorite aspect of nursing is getting to serve and care for others, and simply just being encouraging and supportive during a time of need.

My goal for GANS is to make more schools and students of the west district aware of GANS and help to bring interest, excitement, and involvement regarding GANS and convention." ~Kelsey Butler

**"Nursing is dynamic and meets everyone where they need to be met. Goals for GANS are outreach and continuing to portray the positive image of nursing."
~Jordan Bell**

"One of my favorite parts about nursing is how much a nurse could impact a patient's life. One of my goals for GANS is to have an "open book" communication with other nursing students to continue to grow our organization" ~Kelsey Roberts
